Venue

Royal Ambarrukmo Yogyakarta

Royal Ambarrukmo Yogyakarta, once Yogyakarta's grandest hotel, has been undergoing a great transformation to enthrall guests with outstanding service and an exceptional experience.

The hotel is centrally located, within walking distance of the historic and cultural districts with the city's largest shopping mall right on the doorstep, and is less than 10 minutes from Adisucipto International Airport. Most of Yogyakarta's must-see sites (the Prambanan Temple, Sultan Palace, Kotagede and Malioboro) are a short drive away. Today the legendary Ambarrukmo Hotel has been reborn, and embraces both its historic heritage and the modern comforts sought by today's guests. The renovations to both hotel and palace were made in keeping with the royal palace's true character and to bring back the glamour of the past merged with 21st century technology.
